

PODCAST POWER

August, 2019

Podcasts build community, and that's what people want!

Community: a feeling of fellowship with others as a result of sharing common attitudes, interests, and goals.

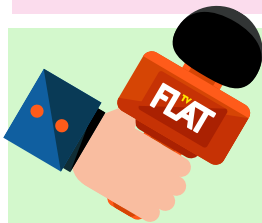

Today more than ever, finding a community is at the top of everyone's value list. It is the most productive way for us to feel seen and heard in a world that gets bigger every day. This is precisely why podcasting has boomed so enormously - because podcasts foster community.

There are tons of ways to build a community around your podcast:

- narrow your focus
- increase audience engagement
- arrange a live meetup
- and so much more....
